DEFEND POTENTIAL

POTENTIAL IS EVERYWHERE

We do not need to create potential, we just need to defend it. Kids in our community are waiting for Bigs who will stand with them and defend their potential.

Big Brothers Big Sisters exists to create positive change in our community by matching youth with Bigs to build powerful friendships. And there are lots of ways to support us in this mission – like participating in events, supporting our fundraising efforts, or becoming a Big.

BE A DEFENDER

- > The time commitment to being a Big varies, but generally, we ask that Bigs see their Littles at least four hours a month and that they commit to being a Big for at least one year.
- > Think about what you do with your friends: Go to the movies. Play games. Go out to eat. Just hang out. It's the same for matches!
- > You are not in this alone. Your case manager and a network of Bigs will always be there with resources, opportunities, and support.
